

Big, Bold, Different

Come experience the all new Trial Gardens at Hood's Gardens. We have planted a wide variety of annual flowers in our trial beds and around the property. We are interested in sharing it with you, to help garner ideas about different approaches to landscape plantings.

Items included in plantings include:

Begonias, Vinca, Scaevola, Agave, Elephant Ears, Sunpatiens, Celosia

We encourage taking pictures to get ideas and please let us know how we can further help you.
